- To reduce vehicles maintenance costs
- For kinship care, to let the family be more at ease
- To realize the vehicle scheduling management

GPS 车辆追踪器

GPS VEHICLE TRACKER

GT02 is a exquisite and powerful GPS/GSM/GPRS Vehicle tracker, focusing on the features of vehicles. With the characteristics of free maintenance and strong signal strength, it is ultra-thin and easy to install. The built-in high-sensitivity SiRF III GPS chip and antenna grant GT02 the ability of quick positioning even in the metropolitan area. The user can check its position and route through network or mobile. GT02 activates intelligent working method, which enables remote control and monitor preservation without any operation after installation. It is definitely a maintenance-free intelligent positioning terminal.

Hardware specification:

GSM	900/1800MHz
GPRS	Class12,TCP/IP build in GSM Module
GPS	SiRF Star III / LP
Channel number	20channel
Tracking sensitivity	-159dBm
Cold start sensitivity	-144dBm
Acquisition time	Hot start: <2sec (Open Sky)
	Warm start: <15sec
	Cold start: <38sec (Open Sky)
Built-in antenna	GSM antenna GPS antenna with low noise and high gain
LED indicator	Three LED indicator: Power-red、GPS-blue、GSM-green
Power input	Car power supply: 12~24VDC
Size	90.0(L) X 45.0 (W) X 12.0(H) mm
Weight	45g
Application environment	Operating temperature: -25 °C to 80 °C
	Storage temperature: -30 °C to 85 °C
	Operating humidity: 45% to 80%RH
	Storage humidity: 30% to 90%RH

Feature list:

- GPS/GSM/GPRS wireless network operation
- GPS chipset with high sensitivity
- GPS positioning intelligent activation
- No need to press POWER key, start working after electrifying
- Maintenance free, auto trouble-recovering function
- Built-in ON/OFF power, wide voltage input range
- Receive commands and obtain location information by messages
- Easy to install, hide or put in the car for tracking
- Three LED indicators, display the working status at any time
- Password setting: can not change the parameter without password
- Two power input methods: car-specific joint or car battery

Packaging content:

• Standard accessories		• Optional accessories	
GT02 tracker	1	Lighter power cord	1
Battery power cord	1	Small screwdriver	1
User manual	1	Soft magnet	1
Ribbon	2		
Bolt	4		

Note:

- Specification and packing content subject to change without further notice.
- Product availability will differ in different regions, please contact with local dealers for detail or other optional accessories.
